WORKMEN AT THE DONORA MILLS WILL BE PAID IN FULL TODAY

Mills Will Remain Closed Until Definite Settlement Is Made

SMALL RIOT AT SCOTT ST. GATE

A small sized riot took place at the Scott street entrance to the zinc works of the American Steel and Wire company plant at Donora on Monday evening, but only one man was injured in the melee, striker named John Danzic. After quiet had been restored the man was not arrested, as it was learned he was not concerned in the trouble. A number of the rioters received body bruises.

The trouble started when Robert Johnson, superintendent of the chemical plant, attempted to drive his machine through the gate of the zinc works entrance, with a man riding in the rear seat. The strikers who had assembled at that point believed them to be strikebreakers, and they charged the car. A number of shots were fired, and in the riot which followed the car was badly damaged. The windshield was broken and several bullets found lodgment in the body of the car. Large rocks and stones were found in the body of the tonneau after the trouble was over. None of the occupants of the car, however, were injured.

When the rioting started a call was sent to the Donora police and they hurried to the scene. Deputy Sheriffs George Hornbake and William Greenlee who had arrived in Donora during the day also hurried to the scene. The officers soon scattered the crowd and restored order.

The trouble took place about 6:45 o'clock. Burgess Cox of Donora in his car had driven through the mill gate, but when Superintendent Johnson attempted to follow in his auto, in which his son and three men were riding he was stopped by the strikers. The crowd, a majority of whom were foreigners, thought the superintendent was taking strike breakers into the plant and this was a signal for the fusillade of bricks, stones and bullets. The timely arrival of the police put a stop to the disturbance.

Orders to pay off all of the 4,000 employees of the various plants in Donora, which include the steel works, the wire works and the zinc works, this afternoon, has led to the belief that the strike so far as Donora is concerned, will continue with the mills closed until a general settlement of the nation-wide differences is brought about.

With the paying off of all the men for the first half of September goes the last hope that there might be some local adjustment, which it was believed for a time could be brought about. Mill officials say there are jobs for all those workmen who want to return voluntarily to the mills, but no general plan for operating will be taken up until a more settled condition is brought about.

Both Monday morning and evening large crowds of strikers were at all of the entrances to the various mills, at Scott street, Eighth street, Sixth street, and in West Columbia. Monday evening at the Sixth street entrance an effort was made to stop an automobile which was being driven from the wire plant and in which four men were riding. However, the man at the wheel never made any attempt to stop, but passed through the crowd running about 30 miles an hour. This morning small crowds were at the various mill entrances, but everything seemed to be very quiet. All of the mills are still down, and apparently no effort is being made to run for the present.

SCHOOL PICNIC WAS A GREAT SUCCESS

When the four hundred boys and girls of North Charleroi Schools gathered at Lock View for the street cars for Eldora Park Friday morning, every one knew a good time was assured. The high school pupils of Charleroi's schools from Lock No. Four were permitted by the Charleroi schools to attend the town picnic. They certainly enjoyed the day. Free transportation and free tickets for the amusements were furnished each pupil. The morning was spent chiefly enjoying the amusements of the park. Patrons and pupils had sufficient food along to have stayed for a week. However, it is surprising how hungry the people get at a picnic.

The afternoon was spent chiefly in sports with contests in which every pupil had an opportunity to participate. The program of sports and prizes given and winners of each were as follows:

- 50 yard dash for boys of room 5: First prize, baseball bat—Gorliards Fatalini.
- Second prize, book—Olive Jarvis.
- 75 yard dash for girls, room 8 and graduates: First prize, fountain pen—Mary Asenatt.
- Second prize, box candy—Lyda Belle Woodward.

MORE OFFICERS SENT TO DONORA

Sheriff Frank B. Wickerham being informed by telephone Monday night of the disturbance at the Donora mills, in connection with the strike now prevailing there, immediately dispatched four additional officers to the scene of the trouble. These officers left shortly after midnight, and were Deputy Sheriffs Harold Wickerham and David O'Leigh, and Constables George Mosley and Milton Owens. Deputy Sheriffs Hornbake and Greenlee are already on the ground. In addition to these officers, two members of the State Police stationed at Monongahela, answered the call, and made the run from Monongahela to Donora in a jitney. The state, county and borough officials appear to have the situation well in hand at Donora, and no additional trouble is looked for during the strike.

END OF CAMPAIGN FOR AMERICAN LEGION

The Charleroi Post of the American Legion will bring their aggressive membership campaign to a close this evening at their meeting in the Municipal Building at eight o'clock. Although the campaign for members will be closed this evening, the drive for members will be continued until every returned service man has been enrolled.

A feature of tonight's meeting will be the serving of doughnuts, cooked by the Salvation Army.

Delegates will be elected to represent Charleroi at the State Convention in Harrisburg on the 2nd, 3rd and 4th of October. It is expected that there will be several seek this trip.

Plans are being made also to provide entertainments and dances during the winter and committees will be selected to attend to these matters. Any returned service man wishing to enroll as a member can do so at tonight's meeting and the Officers expect a large enrollment tonight.

COMPLAINT ABOUT

YOUNG MEN'S ACTIONS

The police have received a number of complaints of late about the actions of a number of young men, who make it a practice to meet at the corner of Fallowfield avenue and Fifth street, at midnight, and whose actions disturb the neighborhood. The police have been unable to ascertain who the offenders are, but promises are made by Chief Albright that if any of them are caught they will have the opportunity of spending the balance of the night in the lockup.

To an unreasonable man all things are unreasonable.

MUST SEE PUPILS ARE VACCINATED

County Superintendent L. R. Crumrine reports that there are now enough teachers in the profession to fill the county schools, although there still exist some vacancies which might be filled if teachers would make known the fact that they will teach.

County Superintendent Crumrine has urged upon the county teachers the necessity this year of seeing to it that the pupils of the various schools are properly vaccinated in compliance with the state law. Mr. Crumrine states that pupils should show certificates or scars to the teachers or principals and that failure to be vaccinated and allowed to attend school can result in heavy penalty imposed upon principals and teachers.

If you have a good excuse for living, don't hesitate to mention it, for nobody else is likely to until you do.

MAKES AN ATTEMPT TO TAKE HIS LIFE

Family troubles are believed to have been the cause of a man named Treador, who lives at 729 McKean avenue, attempting to commit suicide this morning by drowning. The man had waded into the river back of the bottle works, and had gone out over his head. He was seen by a young man named Popson, who instantly disrobed and plunged in after Treador. He did not reach the would-be suicide until he had gone beyond his depth, but after getting hold of him was able to bring him to shore. It required about fifteen minutes active work to bring Treador back to a normal condition, after which he was taken to his home.

It appears that last Saturday evening there was some disturbance in the home and the police were summoned. Chief Albright made a brief inquiry and then told members of the family to appear before the Burgess Monday evening at 7 o'clock. At the appointed time none of them appeared, but at 8 o'clock Mr. Treador reached the police station, after the Burgess had gone. He was reprimanded by the Chief, who told him to report Tuesday evening with other members of the family, or the police would go after them. This morning it is believed that Treador, who is well up in years, fearing to appear before the Burgess, attempted to take his life.

The trouble will be investigated by the Burgess and police before any action is taken.

George P. Wentzel has returned to Camp Merritt, N. J., after spending a four days' leave of absence with his parents, Mr. and Mrs. Joseph Wentzel of Meadow avenue.

DESANTY-MORMINA NUPTIALS ON SATURDAY LAST

A very pretty wedding was solemnized on Saturday, September 20th, at the Mother of Sorrows church, when Kelly Desanty of Monongahela and Miss Sarah L. Mormina of 701 Fallowfield avenue, were united in marriage. The ceremony took place at 11:30 a. m., and was witnessed by a large assembly of relatives and friends of the bride and groom. After the ceremony a reception was held at the home of the bride. Many beautiful presents were given them by friends. They will go to house-keeping on Fallowfield avenue.

FOOT BALL SEASON OPENED SATURDAY

The local football season has opened and already reports of games are beginning to drift into the Mail office. If the balance of the season promises to be as strenuous as Saturday last, we may expect many interesting contests.

The Morr Juniors defeated the Sterlings of Belle Vernon on Saturday last at Beechview park by a score of 7 to 0. The game was decided in the last minute of play, when the Juniors punted to the Sterlings who fumbled behind their goal line and Pegg fell on the ball for a touchdown. The lineup of Morr's Juniors is as follows: E. Shranko R. E., DeHosse R. T., Hurley R. G., Oscar Lance C. Marino L. G., Pegg L. T., Behrendt L. E., Vanenberg Q., Allen R. H., Arnold F. B., Watkinson L. E., Lambi, E., Fey, T., and W. Shranko, E. This team is open to any 60 or 70 pound eleven for games. Address Ernest Behrendt, 218 Oakland avenue.

The Logan Juniors football team of Lock No. Four defeated the Belle Vernon Sterlings yesterday by the score of 24 to 0. The Juniors played the Sterlings off their feet during the entire game. Fritz Feehan, the Juniors star 60-lb end and half back, played in the last quarter at half back and gained about 18 yards on his first run.

Touchdowns were made as follows: Hancock 2, M. Crabb 1, A. Feehan 1. Referee, "Ted" Anderson; time 30 minutes.

The Logan Juniors have the following line-up—Right end, P. Morgan and D. Woodward; right tackle, O'Neil; right guard, Lensky; center, DeHaiaul; left guard, H. Lee; left tackle, Smith and W. Miller; left end, O'Brien; quarterback, A. Feehan and E. Lee; right half, C. Acker and F. Feehan; left half, Hancock; fullback, M. Crabb.

Returns Generally Found To Be Correct and Ac- cording to Law

ANY APPEAL MUST COME LATER

The official return board for the primary election held on Tuesday last, has completed its checking up of the returns, and on Monday began the tabulation of the vote, one the Democratic vote and one the non-partisan vote. Not all of the ballot boxes were opened, this not being found necessary, as the papers in the official sealed envelopes, outside the ballot boxes, were found to be correct.

In those precincts where the returns did not check up with the ballots cast, the boxes were opened. With the checking up completed, the board found no evidence of ballot box stuffing. Where the returns did not check up with the ballots cast, the investigation of the box readily straightened out the error.

In Cecil township, fourth precinct, where 152 votes were returned as being voted, and only 150 regular ballots had been furnished, the return board ascertained that the election board had run out of regular ballots and had used two specimen ballots. These specimen ballots were found in the box with an endorsement on them that they had been used because no regular ballots were available.

It is not up to the return board to ascertain the legality of any votes cast, or the right of an election board to write additional names to the register list furnished them by the commissioners. The return board must ascertain whether the returns check up with the number of ballots furnished.

As to any appeal or contest of the result of the primaries, that will come after the official return board has completed its work. Any candidate may then appeal, and in that manner contest proceedings. Any question of legality of votes cast will be for the court to decide.

BYSTANDERS ARE NOT INNOCENT

The State Police Department on Monday called attention to the fact that under Pennsylvania statutes it is unlawful in time of strike or other disturbances for three or more persons to gather on the public highways, when forbidden by local authorities, and also that the Supreme Court of Pennsylvania had decided that there are no "innocent bystanders" in time of riot and makes the duty of all law abiding citizens to keep about their business or seek their homes at such times.

The Kensington Club of the Lutheran church will meet at the home of Mrs. Schempp, 618 McKean ave. Davis and Ora Blanche Knowles of rue Thursday afternoon. 93-12 Charleroi.

OBEY THE LAW

In these times of industrial unrest it is well for the individual to strictly comply with the provisions of the law. In Pittsburgh and Allegheny county the Sheriff has issued a proclamation calling upon all citizens to obey the law, and to keep away from any gatherings that might tend to disturb the peace. The message is precautionary, for if the people will keep away from assemblies, or if the individuals be strictly law abiding there need be no fear of any disorder.

Of course all strikes or shutdowns of this character are unfortunate. They bring in their wake a great deal of suffering and distress, which falls heavier upon women and children than upon the men. Whatever the reason for this suspension, the thing to do is to take things as calmly as possible, and by avoiding assemblies and attending strictly to our own business we will be able to get through without any disorder.

Conditions may not be as dark as they appear at this time, for while many men have left their work and many of the larger industries are closed down for the time being, such a state of affairs cannot last indefinitely. A settlement will ultimately be reached, the spirit of unrest will have been largely dissipated and workers will be more content to continue their employment. Until such a time arrives we should watch our personal conduct, that no overt act of ours tends to disturb the public peace.

GOING TOO FAR.

Senator Chamberlain of Oregon, in an analytical statement on the war department bill for reorganization of the army, asserted that in effect it invites Congress to relinquish all control of the army and place it in the hands of the general staff. The bill is an example of "militarism gone mad," Senator Chamberlain said. "It proposes to give nominally to the President, but really to the chief of staff, more despotic control than was ever exercised by the Czar over the armies of Russia." Senator Chamberlain severely criticized Secretary Baker and General March, chief of staff. The Secretary of War, he said, had proved a flexible instrument in the hands of the chief of staff. He charged that Secretary Baker had violated explicit directions by Congress that the work of the general staff be restricted to co-ordination and planning, and had suppressed an opinion by the Judge Advocate General which held the general staff could not exercise administrative functions. Senator Chamberlain said the defiant action of the Secretary had set at naught the intent of Congress and added, "at this time there appears to be no remedy except possibly by further and more explicit restrictive legislation or the extreme one of result to impeachment proceedings by Congress."

REPRESENTATIVE

Two hundred and fifty persons have sent a petition to the Senate asking that the league of nations covenant be adopted without deliberation or amendment, and the New York Times says the Senate ought to comply with this request at once, because the signers are "representative men." The Senators themselves, however, are representative men, and moreover they were chosen by the people of America to represent them in just matters as they now have under consideration. In other words, they are not self-appointed representatives of the people.

WISDOM OF SOLOMON

In his address before the American Association, Elmer Root put the case for the wisdom of Solomon. He said that in spite of all conditions calling for thrift, extravagance is greater than now. Benjamin Franklin might have made the speech. It contains wisdom as old as Solomon and some of it consolidates accumulations of experience dating back to the stone age. Under our theory of life every man should earn his own living and provide for his future obligations. Some

have provision made for them by others, but unless they are incompetent they are not fortunate. No one named person deserves a reward in one way and another is not earned by his own contributions. If the people keep on selling ten millions of Liberty Bonds, they are not to buy freedom, the time will come when they will repent. People must as if there is no God, but if they do as if there is, they will find that God is not a joke. Unless we are careful our troubles will become worse. This is merely the commonest sort of common sense.

PREPARING FOR JEWISH CAMPAIGN

Washington county's quota for the starting and desiring Jews of Europe has been placed at \$70,000, which it is expected will be raised the week of October 6-13. The same methods as were adopted during the Liberty Loan drives will be used in the coming campaign. Washington county will be divided into areas, the same as the Red Cross divisions during the war and each of these will be given a certain quota to raise. Each of these districts will be organized by the election of a chairman and full committees to be in charge of the various activities. This week will be devoted to completing a thorough organization. Canonsburg, Monongahela, Charleroi, McDonald and some other sections have already been organized.

WILL OPEN BRANCH RECRUITING STATION

Lieut. W. R. Allen of the United States Army, will open a branch of the Pittsburgh recruiting station in Monessen either today or tomorrow and quite a number of additions to the army are expected from this locality. Next week it is expected that an officer will be there to distribute Victory buttons to all discharged men while after the 15th of October medals will be distributed to those entitled to them. These medals will be given to parents of soldiers who died in the service.

WILL PROTEST NEW FARE ON DONORA LINE

Citizens of Donora, Monongahela and New Eagle expect to present a protest against the increased zone rate fares of the Pittsburgh Railways company when the Public Service Commission convenes in Pittsburgh on Wednesday. The rates have been increased by the zone division, until the fare is now 15 cents between Donora and Monongahela and 20 cents to New Eagle.

Mrs. M. P. Garrison Says Ten-Herbs Relieved Her of Stomach Trouble

That Ten-Herbs is repeating its success here is proven by the large number of local testimonials received daily from people in signed statements, telling of the benefit they have derived from its use. Not a day passes but what numbers of Pennsylvania people call at the headquarters at The Ten-Herb Store to thank him for what the remedy has done for them.

Only the other day Mrs. M. P. Garrison, who resides at No. 4512 Liberty avenue and is a well known acquaintance in Pittsburgh made the following statement:

"For the past 12 years I have suffered with my stomach; I was bloated with gas, could not sleep at night and felt all played out. I had pains in my back and was very short of breath—had severe palpitation of the heart, caused by the gas in my system. I was very nervous and was always constipated. I had taken a number of different medicines without any real benefit and finally decided to try Ten Herbs. Now I have a fine appetite, sleep well and have no more indigestion or gas in my stomach. I feel greatly relieved in every way."

Such words as these and those of many others which have been printed have wide influence for they come from people of standing and integrity, who have given Ten-Herbs a fair trial and have been greatly benefited thereby.

Ten-Herbs is purely a vegetable preparation, extracted from the roots, herbs, barks, berries and fibres of numerous medicinal plants. It is nature's own remedy and works wonders. It gives almost immediate benefit and leads to permanent relief in practically every case where people suffer as above outlined.

Ten-Herbs is sold in Charleroi at Renning's Drug Store.

WHY DO WE NEED MEDICINE

Some of Us Never Without It

ASTOUNDING DISCOVERY

A Simple Home Treatment Found to Fight SPANISH INFLUENZA

Like a thief in the night came the destroyer of life and happiness. Almost a year ago Pittsburgh and other cities were suddenly called upon to meet the demon destroyer—Spanish Influenza.

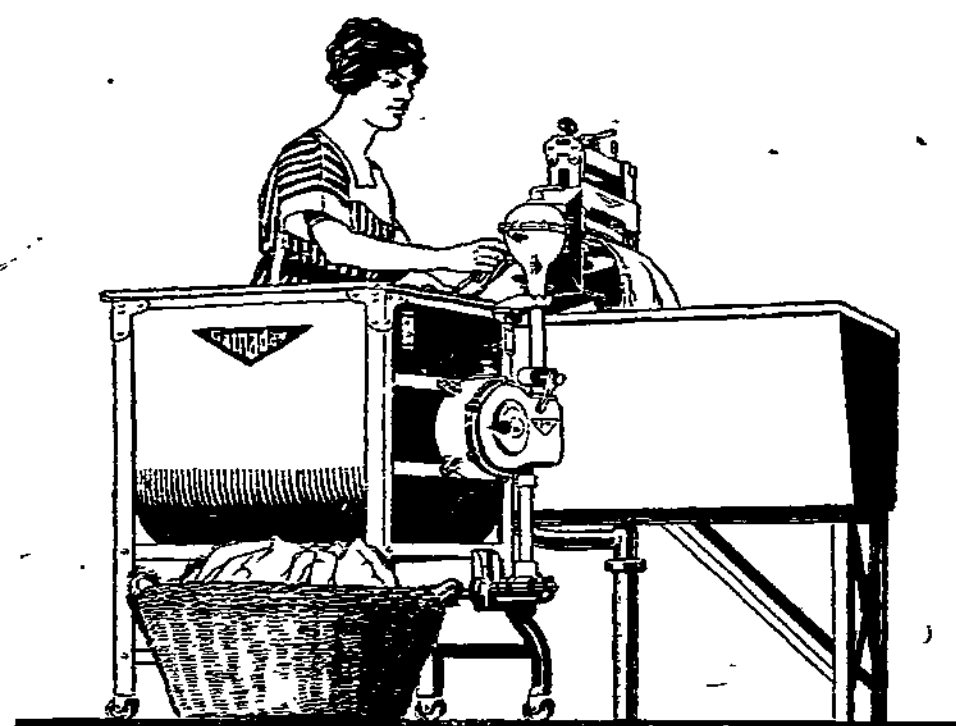

The death toll ran into the millions entire families were wiped out. Grief and desolation were everywhere. The plague spread so swiftly that the people became panic-stricken. Every possible medicinal remedy was resorted to in order to check and relieve the epidemic.

However, Bulgarian Blood Tea, the great herbal medicine taken steaming hot with the juice of half a lemon, was found to be the most effective preparation in many instances. Blood circulation became stimulated, uric acid and other poisons were eliminated through the kidneys. The liver became active and the bowels and intestines were cleansed and sweetened and the whole system strengthened and fortified to resist the attack of disease germs. Prepare to prevent the possible infection of these life-destroying germs.

Go to your druggist and ask for Von Schlick's Bulgarian Blood Tea. If your dealer is out of it you should have it at once. Quick shipment by insured mail will be made. Send us \$1.25 for our large family size package. Address: Marvel Products Co., Marvel Building, Pittsburgh, Pa.

Note—Under date of August 25, 1919, quoting the United Press, Dr. Royal S. Copeland, head of the New York health department, predicted that the influenza epidemic will return in October as soon as people begin to live indoors again.

THREE PRECINCTS IN CENTERVILLE BOROUGH

An order of court has been handed
down in the matter of the division of
Centerville borough into three vot-
ing precincts. The first precinct re-
mains as it is, while the second pre-
cinct has been divided. The voting
place of the second precinct has not
been changed while the place for
voting in the third precinct will be

vision of the precinct was made nec-
essary by the large increase in pop-

Resist Chipping and Cutting

Because Goodrich De Luxe Truck Tires, in addition to piling up greater mileage, successfully turn away sharp stones and metallic fragments that pierce ordinary tire treads, the Home Electric Light Company of Tyrone, Pa., will have none other.

Chipping and cutting can only be regarded in one light--as destroying cushion available for the protection of the truck.

In addition to being deeper and thicker, De Luxe Tires have that perfect blend of durability and resilience so indispensable to long wear.

Not too hard--for then the cushion would chip; not too soft--for then the cushion would cut and drag.

Try them--they're best for your truck and purse.

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence--the conversion of food, the extraction of its elements from it and the elimination of waste. Poor digestion and elimination means failure to derive full nourishment from food and the development of many serious ailments--anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ailments.

Rheumatism--due to some interference with the process of elimination, failure to get rid of waste matter--must be expected to yield to a medicine that fails to correct the condition responsible for it. Could any remedy be expected to rid him of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. It is a medicine using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days--must help you must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Hearst's Magazine--A Liberal Education

COMPARE any magazine with Hearst's. Count the features--see if it has twenty-six as has Hearst's for October. First compare simply the amount of reading matter. Then compare it article by article, story by story, picture by picture with Hearst's. Compare the writers--their skill and reputation. Contrast the ordinary magazine story with the splendid fiction you will find in Hearst's. Contrast the old-fashioned, longwinded magazine article with the snap and sparkle of those in Hearst's.

HALF of Hearst's is serious--though never dull or preachy. For instance: G. K. Chesterton writes of the Labor Problem, Marie Ganz of Anarchy, B. C. Forbes tells how big business men grow rich, and so on. In lighter vein are Walt Mason, and K. C. B. For those who prefer fiction, Donn Byrne, Maurice Level, Robert W. Chambers, Arthur Somers Roche, Albert Payson Terhune and Bruno Lessing contribute wonderful short stories. There are always from six to nine great short stories in Hearst's. See if you can find their equal in any two other magazines.

DO you like the "best-sellers" before they become moving pictures or even books? Four great serials in Hearst's for October. Gouverneur Morris starts his new novel "Better Days" in this issue. In the same number are novels by Arthur Stringer, Edwin Balmer and E. Phillips Oppenheim. Maybe you like books, pictures, plays, poems, science! Do you want to know something about Galsworthy's latest book, of Rupert Brooke's poetry, of the latest play, of modern art, of the newest wonders of science? See Hearst's for October.

The object of Hearst's is to entertain and enlighten. Through all its entertainment, however, there runs a certain serious purpose--a definite mission. And that mission is this: to discuss, elucidate and solve--so far as is possible--the vital questions of family and public life that people everywhere are themselves considering and discussing.

IF YOU are not interested in a magazine a bit beyond the ordinary--if you don't particularly care for a magazine that will make you think--you won't want Hearst's this month or any other. BUT if you want the works of the world's great writers; if you want the words of the world's real leaders; if you want the thoughts of the world's great thinkers; don't fail to make sure each month--starting today with October--of your regular copy of
